G71-442NR Notebook PC

THE HP DIFFERENCE

- Watch full-screen HD TV and movies with the 17.3" diagonal display's 16:9 aspect ratio[8]
- Enjoy your photos and videos on HD TVs with the HDMI port (cable sold separately).
- Enter data quickly with the numeric keypad.
- Look good on the go with award-winning, high-gloss HP Imprint finish.
- Get online more quickly with Windows® 7 and high-speed wireless LAN.[10b]
- Create personalized, silkscreen-quality DVD and CD labels with LightScribe.[16a]
- Chat face to face with the HP Webcam[15] and mix it up with YouCam's fun special effects.

Windows®. Life without Walls™. HP recommends Windows 7.

DESIGNED FOR IDEAL VALUE

For those who want to connect and manage everyday computing tasks with an elegantly minimalist desktop-replacement notebook, the HP G71 series delivers at a great value. Powered by Intel processor and graphics technologies, the G71 includes essential features to enhance your PC experience and life.

- **Your PC, simplified.** Windows 7 is the easiest, fastest, most secure and energy-efficient version of Windows yet. Better ways to find and manage files, like Jump Lists and improved taskbar previews, help you speed through everyday tasks. And great features like HomeGroup make sharing files on home networks easier, while Snap lets you quickly resize and compare windows on your desktop. Faster and more reliable performance means your PC just works the way you want it to.
- **Store more media.** The 320GB hard drive has room for up to 51,000 photos[29] or 64,000 songs[30] or 183 hours of recorded video in "fair" mode [31] or 72 hours of recorded video "best" mode[31] so your entertainment and critical information goes where you do.
- **Stay connected with the HP Webcam.** Turn your next instant message into a live video chat with the integrated webcam, omni directional microphone and an IM solution. Optimized for low-light environments, it's great for capturing short videos to share on your favorite social networking site. Personalize your videos with included YouCam software from Cyberberlink. [15]
- **Personalized disc labels with LightScribe.** Create custom laser-etched disc labels right in the drive with LightScribe and preinstalled Cyberlink DVD Suite. Just burn data on the disc, flip it over and burn the cover image using any scanned image and/or text. Visit the LightScribe Web site for more information.[16a]
- **Photo-ready with 5-in-1 media card reader.** Transfer photos from your digital camera in seconds and conveniently upload to Snapfish for editing, sharing, printing and use in calendars, cards, flipbooks and more.

ELEMENTAL STYLE

The new HP G71 series is simply elegant. Its highly-polished reflective top cover and palm rest area complement the matte finish everywhere else. The HP Imprint finish in piano black on the top cover and in silver surrounding the keyboard provides greater durability than traditional painted surfaces. HP's Design team has been recognized by distinguished design institutions, including International CES, iF International Forum, ID Magazine, Good Design and Red Dot International.

SIMPLY ENTERTAINING

The HP G71 series delivers easy-to-use entertainment. Enjoy full-screen HD TV and movie playback on the crystal-clear 16:9 17.3" diagonal HP Brightview display.[8] Burn audio CDs and DVDs to share your favorite songs and video clips with friends and family. Built-in Altec Lansing speakers bring your entertainment to life.

IDEAL FOR:

- Going online (Web surfing, social networking, email, shopping, video streaming)
- Video chat and instant messaging
- Viewing and editing photos
- Listening to music, converting CDs to MP3s and burning discs
- Watching DVD movies

Relax With 24/7 Support

While your PC is within Warranty, HP Care Pack Support gives you access to complimentary help whichever way you prefer:[32]

- **From your desktop:** Click the HP Support Assistant icon for quick access to preinstalled content and diagnostic tools.
- **Through the Internet:** Visit our Consumer Support Forum, available 24/7 in English, French or Spanish at www.hp.com/support/consumer-forum. In the US, go to www.hp.com/go/notebookcare.
- **By telephone:** In the U.S., call HP at 1.800.HP.INVENT (1.800.474.6836).

To continue complimentary access to support, you can extend your Standard Warranty with an HP Care Pack service. Visit www.hp.com/go/totalcare for your choice of plans. Business Week ranked HP the number one technology company for customer service (April 2009).

If your PC is out-of-warranty, you can visit the Consumer Support Forum (www.hp.com/support/consumer-forum) at no charge. You can also call 1.800.HP.INVENT within the U.S. (1.800.474.6836), but support charges will apply.

Each PC includes 60 days of live complimentary updates of Norton Internet Security 2010, HP Edition. It guards your PC, your network, your online activities and your identity with innovative, intelligent detection technologies optimized to combat today's aggressive attacks.

ecoHIGHLIGHTS

G71-442NR Notebook PC

As a leader in environmental responsibility, HP is committed to reducing our impact on the earth. Renew, recycle, rethink with HP.

- ENERGY STAR® qualified and EPEAT® Silver registered
- Advanced power management features and aggressive default power settings for reduced energy consumption
- Mercury-free LED display
- Exclusive use of EPA SmartWay carriers for fewer transportation-related emissions
- Recyclable packaging designed for minimal material usage
- Free recycling for your old computer hardware

VISIT WWW.HP.COM FOR MORE DETAILS!

[1] This system may require upgraded and/or separately purchased hardware and/or a DVD drive to install the Windows 7 software and take full advantage of Windows 7 functionality. See http://www.microsoft.com/windows/windows-7/ for details. [1a] Microsoft® and Windows® are registered trademarks of Microsoft Corporation. Certain Windows Vista product features require advanced or additional hardware. See http://www.microsoft.com/windowsvista/getready/hardwarereqs.mspx and http://www.microsoft.com [2c] 64-bit computing on Intel architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers and applications enabled for Intel® 64 architecture. Processors will not operate (including 32-bit operation) without an Intel 64 architecture-enabled BIOS. Performance will vary depending on your hardware and software configurations. See www.intel.com/info/em64t for more information. Dual Core is designed to improve performance of certain software products. Check with the software provider to determine suitability. Not all customers or software applications will necessarily benefit from use of this technology. [3] Intel's numbering is not a measurement of higher performance. [4] GHz refers to internal clock speed of the processor. Other factors besides clock speed may impact system and application performance. [4a] Actual bus speed is less. Listed bus speed represents the equivalent effective throughput for data. [6] Shared video memory (UMA) uses part of the total system memory for video performance. System memory dedicated to video performance is not available for other use by other programs. Note: this disclaimer affects system memory and graphics. [6d] Note that DVD-RAM cannot read or write to 2.6GB Single Sided/5.2 GB Double Sided – Version 1.0 media. [7] 1 GB = 1 billion bytes. Actual formatted capacity is less. Up to 20GB of system disk is reserved for system recovery software. [8] High-Definition content is required to view high-definition images. [9] Actual speeds may vary. [10a] The specifications for the 802.11n WLAN are draft specifications and are not final. This may affect the ability of the PC to communicate with other 802.11n WLAN devices. [10b] Wireless access point and Internet service required and is not included. Availability of public wireless access points limited. [11] Maximum achievable download speeds are currently unknown, may not reach 56Kbps and will vary with line conditions. Upload speeds are less and also will vary. [12] Weight will vary by configuration. [15] Internet access required and sold separately. [16a] Actual speeds may vary. Don't copy copyright-protected materials. Double Layer is a new technology. Double Layer media compatibility will widely vary with some home DVD players and DVD-ROM drives. [16d] LightScribe creates a monochrome image. LightScribe media required and sold separately. [17a] Digital Media Slot supports MS, MSP, MMC, SD, XD formats. To avoid damaging the card or computer do not insert any type of adapter, or mini format memory card, into the Digital Media Slot. Mini/Reduced flash memory cards require separately purchased adapter[19] The Microsoft® Office Student and Teacher Edition 2008 is a trial version; functionality is reduced after 60 days. The full version is sold separately. [19b] Internet access required. First 60 days included. Subscription required for live updates afterwards. [30] Capacity based on 4 minutes per song and 128 Kbps AAC encoding. [31] Capacity based on standard NTSC recording format. Actual recording times may vary. [32] Support options are subject to change.
